TB320 QUICK DRY ENAMEL BINDER

INDUSTRIAL MIX

A Cost Effective Enamel Binder for when Speed is Essential.

Valspar Industrial Mix TB320 Quick Dry Enamel Binder is a single pack clear tint base binder for the light industrial market, including trailers, mining equipment and agricultural equipment.

TB320 is touch dry in as little as 20 minutes with no need for additional drying additives. TB320 also uses the current range of Valspar Industrial Mix solid colour toners and the RS300 Reducer which means it's compatible with any existing Valspar Industrial Mix system.

For more information on TB320 Quick Dry Enamel Binder or any other Valspar Industrial Mix products, contact your local VIM distribution partner, or contact Sherwin-Williams.

PRODUCT FEATURES

Rapid drying! Touch dry in 20 minutes.
